

CLEAR PLANT POTS

MADE FROM RECYCLED MATERIAL (RPET)

SEE ROOT HEALTH. GROW WITH CONFIDENCE.

Clear RPET plant pots designed for root visibility, moisture monitoring, professional presentation, and sustainability.

Root Visibility & Moisture Monitoring

Monitor root development and moisture levels without removing plants from containers.

Compatible Pot & Tray Systems

Various pot and carry tray combinations available to support greenhouse handling, shipping, and retail display.

Enhanced Retail Appeal

Showcase root structure and growing media for a premium presentation.

Made from Recycled Material

Manufactured using RPET while maintaining clarity and durability for commercial production.
