

PINT ROUND POT & CARRY TRAY

THE ENVIRONMENTALLY RESPONSIBLE ROUND POT

PINT ROUND POT GROWING SYSTEM

Durable carry tray designed for the Pint Round Pot. Available in a 10-count (2×5) configuration and manufactured with 95% recycled material. Engineered to support efficient handling, automation, and greenhouse performance.

Four gussets support prefilling and stackability without soil compaction.

Raised corners help secure pots during handling and transport.

Perimeter trim reliefs improve automation compatibility.

Sloped sidewalls promote soil sloughing.

Heavy-duty construction for repeated use.
